

# THE THROSBY STORY

Canberra is beautiful, magnificent and pretty. On Ngunnawal land, sits this capital city.

The summers are hot, the winters are freezing. You'll see puffy jackets and a lot of sneezing.

So many people wanted to live here it became a concern. They needed more houses, more shops and more places to learn.

So in the suburb of Throsby it was declared. To build a new school with no expense spared!

The special thing about our school is it's connection land. Our logo is a gum leaf and this was all planned.

The gum tree is significant, it protects all in it's care. It provides food and shelter for all living things to share.

Our school is just like a great, big gum tree. We support, we nurture, until students are ready to go free.

We learn with purpose and laughter is expected. At Throsby School, we are curious, we are inclusive and we are connected.

We are curious...

We ask questions, we think creatively and we learn through play.

We love solving problems and learning new things each day.

We are inclusive...

We are respectful, we are compassionate and we like to collaborate.

We listen to others and our teamwork is great.

We are connected...

We communicate, we self-manage, challenges we embrace.

We connect to our learning, we belong to this place.

Now it's important to remember how lucky we are. To be a member of Team Throsby, it's the best school by far!
