SeeSaw at Throsby School

SEESAW

What is the purpose of SeeSaw?

SeeSaw is our main platform for reporting to families on student learning. SeeSaw is a digital learning portfolio sharing and celebrating achievement and progress over time. Student journals are a collection of learning experiences and work samples collected throughout the year.

SeeSaw is for...

- Sharing and celebrating student learning and growth
- Providing families with insights into the school day
- Communicating admin messages between school and home

SeeSaw is NOT for...

- Comparing your child's learning to others
- Discussing or raising concerns about student behaviour
- Ongoing communication with teachers

Communication with teachers

We encourage families to contact teachers via email if they have any questions or concerns. Urgent messages should be communicated via the front office. Teachers do not check SeeSaw or emails during the day but will always respond in a timely manner.
